BACKPACK SPRAYER

VERSATILE · DURABLE · LONG LASTING

NEW! Univar introduces its MasterLine® Backpack Sprayer. Designed with a distinctive 4 gallon tank shape and diaphragm pump, this sprayer is ideal for use with abrasive chemicals like those found in wettable powder form as well as with liquid formulations.

FEATURES

The Backpack MasterLine® sprayer is equipped with an **ADJUSTABLE, FLAT SPRAY, HOLLOW CONE, and JET STREAM NOZZLE** to accommodate virtually every spraying need.

PADDED STRAPS with pull tabs make adjustments quick and easy.

BUILT-IN STRAINERS, SCREENS, and FILTERS help keep debris out of nozzles.

Pressure can be regulated to 15, 30, 45 or 60 psi by means of a built-in **PRESSURE REGULATING VALVE**. **UNBREAKABLE** wand prevents damage common to brass and brittle plastic wands.

Viton® seals, gaskets and O-rings provide excellent **CHEMICAL RESISTANCE** and durability.

DURABILITY

The MasterLine® backpack sprayer is constructed of high density polyethylene and other chemical resistant materials. MasterLine® backpack sprayer meets the Univar commitment to high quality and is backed by UNIVAR.

A **1-YEAR WARRANTY** is provided. Given proper maintenance, the sprayer should last for millions of pumps and many years of use.
