

# Material Safety Data Sheet

## Univar USA

Univar USA.....	1-800-888-4897
Chemtec.....	1-800-424-9300

**1. Product Identification:** Masterline Permethrin Plus -C

**2. Ingredients:** 38% Permethrin

**3. Physical Data:**

Appearance: a yellow liquid solution  
Odor: slight odor of petroleum oil  
Solubility: disperses in water  
Wt./Gallon: 8.4 lbs/gallon  
Freeze point: 32???

?

**4. Fire and Explosion Data:**

**Flash Point:** >150°F combustible

**Extinguishing Media:** Foam Wear protective clothing. Dike to prevent any material from entering drains or sewers or contaminating the environment. Evacuate people downwind from the fire. Wear self-contained breathing apparatus. Fumes and or vapors may be toxic if inhaled or contacted by the skin.

**5. Health Effects Data:**

If sufficient quantity of this product is ingested, it may be fatal. May cause irritation to the eyes, nose, throat, and skin.

**6. Emergency First Aid Procedures:**

### Eye Contact

Can cause eye irritation and possible corneal injury. Immediately flush eyes with copious amounts of water and get medical attention.

### **Skin Contact**

Immediately wash with soap and water. If skin irritation occurs, consult a physician.

### **Ingestion**

May cause gastro-intestinal irritation or nausea. Do not induce vomiting. Get immediate medical attention.

### **Inhalation**

Move person to an area of fresh air and give artificial respiration if necessary. If breathing difficulty persists, get immediate medical attention.

### **7. Employee Protection Recommendations:**

The employees must wear protective clothing and related safety equipment. Good ventilation should be sufficient for most conditions. Positive pressure self contained breathing apparatus should be used for confined spaces and high exposure operations. The employee should shower at the end of the workday. The employee must wear clean clothes every day or after a spill if the clothes become contaminated. Always wash hands and face with soap and water prior to eating, drinking, smoking or using toilet facilities. It is best not to wear contact lenses but use safety prescription glasses.

### **8. Reactivity Data:**

**Stability:** Stable under most conditions but can react with air to form organic acids

**Hazardous Decomposition Product:** unknown

**Hazardous polymerization:** Does not occur

### **9. Spill Procedures:**

Dike to prevent entering drains, sewers, streams, ponds, etc. Dispose of the material as required by local, state and federal regulations.

**10. Additional Information:**

Toxic to fish and aquatic organisms. Keep out of drains and waterways.

**KEEP OUT OF REACH OF CHILDREN**

Store in a cool place away from any heat source, sparks, pilot lights, static electricity and open flame.

All containers should be disposed of in a manner as regulated by governmental laws.

Date of Issue: Oct 14, 2000
